

THE LEAGUE IS MOBILIZING.

CLIMATE CHANGE IS *NOW*.

*Do you want to work on climate change
but don't know where to begin?*

Even if you are the only member of your local League interested in climate change, you – on your own or with other members – can take action by teaming up with other Leagues working on your area(s) of interest. Contact the Climate Change Task Force: climatechange@lwvc.org

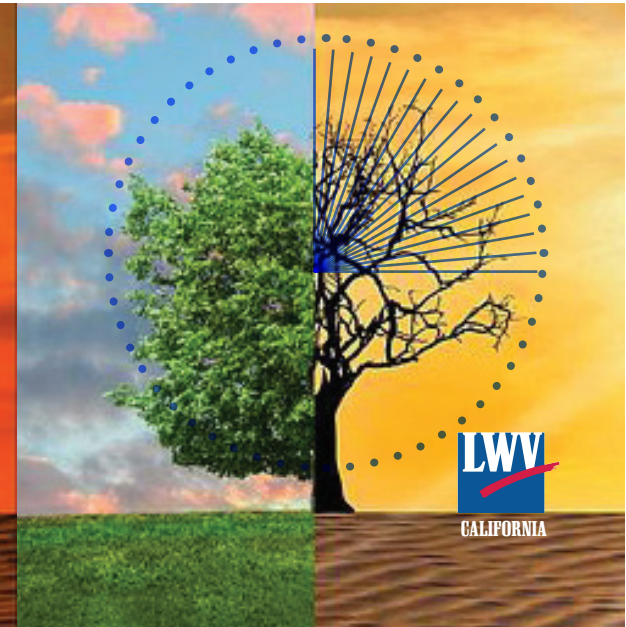

Unprecedented heat, disappearing glaciers, plummeting species. We have reached a point where no matter what we do, we cannot avoid a very different global climate future.

But we can and MUST act now to prevent the most catastrophic consequences. YOU CAN MAKE A DIFFERENCE. Join the LWVC effort with your local League!
