SB 840 is expected to pass the legislature by the end of the month. Then, the bill goes to the Governor's desk for signature or veto. We must show the Governor the overwhelming support that exists for SB 840 and demand that he sign the bill – and give Californians the health care we need and deserve. We will be presenting the Governor our demands and 1000's of postcards from Californians urging him to do the right thing.
